Vegan Products

Sir Andrew: “I am a great eater of beef and I believe that does harm to my wit.”

Sir Toby: “No question.”

~William Shakespeare, Twelfth Night, Act I, Scene III.

For the love of wit (and a few other reasons), we’ve identified products free of all animal products and/or by-products including meat, poultry, fish, eggs, dairy, honey, gelatin, lanolin and confectioner’s glaze with the “V” (for Vegan). Please note, this list is not all-inclusive. We do our best to keep the information as up to date and as accurate as possible, but we do introduce and discontinue products all the time, so keep your eyes open and always read product labels.
